

UNIVERSITY OF PATRAS – DEPARTMENT OF CIVIL ENGINEERING

MARIE SKLODOWSKA-CURIE PhD FELLOWSHIP #1

The Marie Skłodowska-Curie Innovative Training Network (ITN) “DuRSAAM - PhD Training Network on Durable, Reliable and Sustainable Structures with Alkali-Activated Materials” funded by the European Commission (H2020) invites applications for 1 full-time Early Stage Researcher (ESR) PhD position, with a minimum duration of 36 months, starting on 1 June 2019 (possibly a little later), within the framework of a financially attractive research contract (salary €2900.49/mo, mobility allowance €600/mo, family allowance €250/mo).

The research project will investigate the use of alkali-activated materials (AAM) as a replacement of ordinary portland cement in the field of seismic retrofitting of concrete and masonry structures through the use of thin textile-based overlays (TRM – textile reinforced mortars). The work will combine experiments (e.g. on RC beams, columns and joints, as well as on masonry walls, retrofitted with TRM) with numerical and analytical modeling.

PhD candidates applying for this position must (at the time of recruitment) be in the first four years (full-time equivalent research experience) of their research careers and not yet have a doctoral degree. Researchers can be of any nationality (including Greek) and are required to undertake trans-national mobility; they will have to reside mainly in Patras and to spend roughly 6 months (in total) at the Universities of Gent and Sheffield. Researchers must not have resided or carried out their main activity in Greece for more than 12 months in the 3 years prior to the start date of their employment.

Applicants should demonstrate evidence of the following: strong educational background in structural engineering (MSc or equivalent – e.g. Diploma - in Civil and/or Structural Engineering), effective communication skills in English, both written and verbal, report writing skills and experience of delivering presentations, team working.

Please apply for the position by sending your CV, a motivation letter (including your possible starting date), 2 names and contact info for references and copy(ies) of your degree(s) and transcripts, all in the form of a single pdf file (lastname_dursaam_Ph1.pdf), to Prof. Thanasis Triantafillou (email: ttriant@upatras.gr).

Deadline: 15 January 2019
